

TAKE A SAFETY SECOND

Topics: Unsafe Driving, Conference Call, Safety Meeting Update

Unsafe Driving Update

Since we started focusing on Unsafe Driving Violations, we are seeing success stories across the board. Many of our operating companies are seeing record numbers since their last CSA Unsafe Driving Violation. Continue to challenge your drivers to build on and break prior records. As can be seen below, our efforts are working and making a difference.

Reminder: All Unsafe Violations, Citations, and Warnings must be called into safety immediately.

Accident Pictures of the Week

The driver failed to maintain control of his vehicle, lost control and flipped over the camper he was hauling. Fortunately, there were no other parties involved and no injuries. This accident will cost approximately \$20K in damages. The driver was cited for driving too fast for conditions.

Many of our professionals continue to be challenged with poor weather conditions. Please make sure we continue to reach out to them and encourage the following:

- If conditions become unsafe, STOP. Don't try to be a hero and push your limits.
- Increase your following distance so you can control your vehicle.
- Keep windows, mirrors and lights clean.
- Stay off of the phone and focus only on driving.
- Be patient and stay calm. Get to your destination safely.

Safety Conference Call

The monthly Safety Conference call will be held tomorrow, January 9th at 2:00 PM. We will recap some of 2017 and highlight our safety direction for 2018. Join Paul, Keith, and Jason as they welcome Kris Rzepkowski from Marketing.

Safety Meeting Update

Drivers:

1st quarter on-line and/or in-person Safety Meetings will be available next week. We will send out the link and information once the meeting is in place. We will be focusing on:

- Rear-End Accidents
- Unsafe Driving
- Claims Reduction

Employee/Agent:

1st quarter Employee/Agent Safety Awareness Meetings will be available after Symposium.

Did You Know...?

In 2017, Bennett paid out over **\$300,000** in Clean Inspection bonuses. We are pleased to continue rewarding trucks that exemplify our **Safety Is Priority One** commitment.

Accident Reporting

Ensure that all drivers know to call claims during and after business hours, should there be any accidents or damage claims.

This number can be used to reach claims 24/7:

1-855-330-1558

Reminder!!! Do you know someone who should be our next Safety Hero?
Send me an email at paul.molnar@bennettig.com to nominate someone.

Know the Priority One system
