

Bennett International Group, Inc.

Marcia G. Taylor
President/Owner
Bennett International Group

Bennett International Group is Your Highway to the World providing every aspect of the World of Transportation. B.I.G. encompasses a specialized network of companies - all experts in transportation. Our global transportation services grew from Bennett Motor Express, our flagship trucking company. Today, Bennett Motor Express has grown into a premier nation-wide trucking company ready to meet the demands of our customers all across this great country. One of the main reasons Bennett has become a leader in the trucking industry is due to our owner/operators who take pride in providing the very best in "Quality Service" to our customers. That's why B.M.E. is a "True Owner/Operator Company". We believe the guys and gals behind the wheels of these big rigs are the greatest people in the world

Bennett offers our owner/operators a range of different lease-on packages to choose from that best meets their particular needs. The packages differ depending on the area you like to run, beginning with our 12 Western States, Midwest, Eastern, 48 State, Southern Dixie, and our newest program "Truck Dispatch". This new program is a terminal based dispatch program that relies on our agents to dispatch and coordinate trucks assigned to this division.

Therefore this enables you to dispatch yourself on our freight, in other words, you can run the area and the freight you choose. This division is not intended to replace any of the other divisions, but however Truck Dispatch offers another unique way to maximize truck pay and minimize empty miles. For more information stop by our booth at the Mid-America Truck Show and pick up an audio cassette that will explain the Truck Dispatch Program in detail.

At this years 24th Annual Mid-America Truck Show held in Louisville, KY., Bennett Motor Express will introduce our most aggressive owner/operator orientated lease program in the history of the company. We would like to tell you about all of the exciting opportunities that we have to offer, however we can't let the secret out until the truck show, so if you want in on this secret, stop by and talk to a member of our

recruiting team at booths 1091 & 1092.

We are so confident that you are going to be excited about our new lease program, Bennett* has developed our very own "Fast App." to be available at the truck show. This dynamic "Fast App." will allow us to take the necessary information from you and fax it back to our Recruiting Department and within minutes, give you the good news that you have been approved, and the leasing process can begin.

So be sure to stop by and talk to one of the Bennett gang, whether you're an owner/operator looking for a great lease on program, a driver to work in our DriveAway Division, or wanting to be an agent, Bennett Motor Express wants to talk to you. For more information stop by booth 1091 & 1092 at the Mid-West America Trucking Show or call 1-800-367-2249. And don't forget to have your photo taken with the beautiful Michelle. 195
