

# PRECISION TRUCKING FOR **SENSITIVE** FREIGHT

Bennett has over 25 years of industry experience helping military and commercial customers in North America transport sensitive freight and finding solutions for complex logistics needs. Our dedicated team of experts is there to support you at every step of the way.

**We secure your  
sensitive freight at  
service levels that  
meet or exceed your  
mission objectives.**

Our commitment to safety ensures your sensitive freight arrives on-time, without damage.

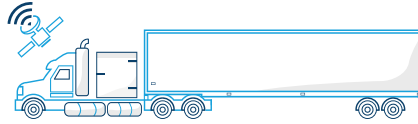

# SENSITIVE FREIGHT SERVICES

When security, trust, and on-time delivery are critical, you can rely on Bennett Heavy & Specialized to deliver. Our dedicated secure-freight professionals will guide you through our proven process to choose the right equipment to meet your time frame and our experienced, professional driving teams will keep your shipment secure and on the move until it is safely at its destination.

## VALUE ADDED SERVICES

The Bennett Family of Companies provide both domestic and international logistics solutions. Our affiliated companies and delivery contractors maintain more than 4,000 trucking assets ranging from general freight to super heavy haul. If that's not enough, Bennett International Logistics can bring additional capacity through an established network of more than 25,000 vetted, professional carriers. We will also meet all of your international shipping needs to include air, ocean, rail, intermodal freight, full-service customs brokerage, port and drayage services plus commercial warehousing and distribution. The Bennett Family of Companies, in business since 1974, can customize a solution to meet all of your transportation and other supply chain challenges.

**TOGETHER**  
WE CAN MOVE ANYTHING

SEE HOW OUR SMART SOLUTIONS WILL MAKE YOUR MOVE EASIER
